

INCREASE THE CHANCES OF YOUR EU PROJECT PROPOSAL

Let a specialist write your “impact” section!

The success of your proposal, besides the technical excellence, also depends on a **convincing strategy to maximise the impact of the project**. The “Impact” part counts **1/3 of the proposal evaluation** and includes exploitation, dissemination and communication. These chapters should be authored by a specialist.

FSRM has 17 years of experience as partner in EU funded research projects and can help you.

HOW DOES IT WORK?

STEP 1 YOUR PROJECT PROPOSAL

-> You integrate FSRM as partner in your consortium:

- Our specialists write the “Impact” chapter in close collaboration with your project coordinator.

STEP 2 PROJECT ACCEPTED

-> Our work in the project:

- We lead the WP Dissemination, Communication, Exploitation of Results.
- We organize all Communication activities in close collaboration with the partners.
- We set up the website and social media presence, create the logo, flyers and newsletters, coordinate video productions, write press releases, organize promotional booths and workshops.
- If desired, we act as administrative project co-ordinator.

WHAT CAN YOU EXPECT FROM US?

- A collaboration with a competent and respected partner who will assist you in optimising your proposal. Our skilled team includes engineers and communication specialists.
- Considerable experience as WP leader of Dissemination, Communication and Exploitation and as Coordinator in EU funded research projects.
- Expertise, a specific methodology and efficient tools to plan and organize project-tailored training.
- Administrative project coordination.

WHAT DOES IT COST?

- As a project partner, our activities will be 100% funded by the EU.

OUR EXPERTISE

The FSRM has 17 years of experience as workpackage leader and coordinator in EU funded research projects.
